Name:	Ranger Waste Container with 4 openings - 170 Litres
Height	1054mm
Length	630mm
Width	630mm
Capacity—litres	170

The Ranger waste container, manufactured from UV resistant durable polyethylene has been specifically designed to feature modern styling whilst maintaining an easy-to-service design.

Due to the high capacity of waste that the bin can hold, it's the ideal choice for being placed in high traffic areas such as stadiums, shopping centres, parks etc.

Permanently attached integrated hinged lid allows for easy emptying from the user.

2 hinged doors for waste concealment and odour control.

Metal retainers keep can liners securely in place whilst eliminating knot tying.

The optional weighted base is secured with screws for added stability.

Stock Code: RM-FG917388
