Name:	Slim Jim Wall Mounted Container
Height	829mm
Length	495mm
Width	302mm
Weight	5.15Kg

This is our wall mounted container bin, which allows for the user to attach the bin to a wall giving much more floor space which in turn makes it less likely for people to trip over the bin. Added to this if the bin is wall mounted then it allows easier floor cleaning, and allows for the user to not have to bend down when outing rubbish in the bin.

Spring-loaded swing door helps control odour and hides waste from the public's view.

Comes in multiple range of colours to suit any environment.

This product is FM Approved.
