

# Wall Fixing Sack Holder

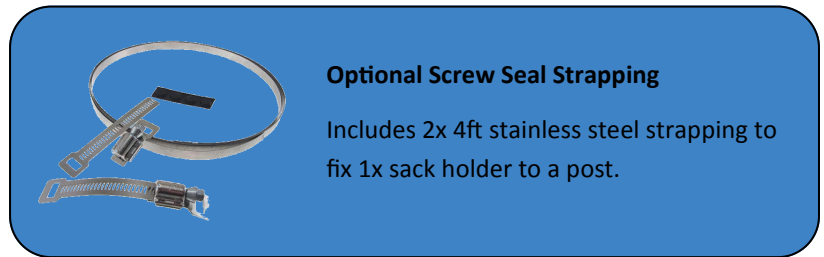

Product Code: BSWYGSH

The wall fixing sack holder uses a clever sack holding hoop that can be fixed to either a post or a wall. It is ideal for the collection of litter or recyclables and using a clear bag will make the waste stream visible and prevent cross contamination of recyclable materials.

The hoop is manufactured from galvanised steel powder coated in Nickel silver and an optional glass fibre lid (as shown) is available in a wide choice of colours.

<b>Height</b>	100mm
<b>Width</b>	450mm
<b>Depth</b>	558mm
<b>Weight</b>	11 kg

## Lid Colours

A choice of lid colour is available and these can be colour coded to match your recycling requirements and our optional artwork.
