

Kingfisher Direct Ltd

Name:	Stand Alone Cigarette Bin - 1500 Litre
Height	460mm
Diameter	300mm
Capacity	700 Litres

This stand alone cigarette bin is manufactured from stainless steel, and is ideal for any enterprising business due to the sophisticated styling and attractive design.

With its easy-to-use large stainless steel extinguishing plates and high capacity receptacles this bin is perfect for high traffic areas.

Stable weighted locking units prevent theft and breakage to the bin, whilst built in holes are drilled into the base so the user can bolt the bin to the ground for added stability and protection.

The curved cap top provides a 360° disposal area and also prevents water from entering the canister.

Integrated padlock tabs provide security against tampering and theft.

Stock Code: RM-FG9W3200SS
