

5 Litre Plastic Bucket with Tamper Evident Lid - 5BKGTFLP

- Meets British Retail Consortium Standards (BRC) to ensure food safety
- Fully recyclable polypropylene to help reduce landfill waste
- Plain white plastic bucket is suitable for stickers and labels
- Highly versatile and excellent choice for storing food ingredients (sunflower oil, ground coffee, confectionary, and more), paints, chemicals
- Tamper evident seal aid with product and quality control
- Lightweight design makes it easier to carry

Dimensions

Metric

Upper Diameter (inside)	213.7 mm
Upper Diameter (with flange)	225mm
Upper Diameter (with handles)	224mm
Bottom Diameter (external)	194mm
Height (with standard lid)	191mm
Height (with lid for foiling)	193.7mm
Container Weight	143.8g
Handle Weight (strap)	5.4g
Handle Weight (short strap)	4.6g
Handle Weight (PP)	7.5g
Lid Weight	30-40g
Weight Tolerance	+/-5%
Dimension Tolerance	+/-1mm
Nominal Capacity	5 000ml
Total Capacity	5 900ml
Total Usable Capacity	5 500ml

Raw Material / Transport

- Buckets and lids are made from food-grade polypropylene (PP)
- Filling and closing conditions: max-content temperature during filling 95°C. For stacking content temperature should be lower than 45°C. Put no more than 2 warm containers in the stack
- When the outside temperature decreases to 25-30° containers will be more rigid and mechanical parameters allow stacking for the maximal static load
- Load on the lower container:
Static (T< 23°C): < 35kg
Transparent Containers < 28kg
- All materials and dyes used to produce containers or lids designed for the food sector are approved for food contact
- Manufacturer is not responsible for container deformation if stacked with other products
