| Capacity (Litres) | 90 |
| Construction Material | Cast Iron |
| Height (mm) | 965 |
| Diameter (mm) | 495 |

The Round medium cast iron litter bin has been a popular choice throughout the United Kingdom for over 20 years and is widely accepted as being the best bin of its type.

The bin is manufactured from 250 grade cast iron to BS EN 1561:1997 regulations and is supplied with a 0.7mm galvanised steel liner, two litter apertures and decorative horizontal banding. The bin is has a heavy duty, textured finish and has 'LITTER' cast into the design.

Dimensions:

Height: 965mm

Diameter: 495mm

Capacity: 90 Litres

The optional ashtray gives smokers somewhere to correctly dispose of their cigarette ends.
