Weight	1kg
--------	-----

225 x 40 x 120mm Fork Lift Truck Mirror

Using an unbreakable and scratch resistant optic which offers a high quality image. Installed using a universal fixing kit. Panoramic 180° view reduces risk of collision significantly as blind spots at the rear of the vehicle cause danger. The rounded edging protects the drivers head while entering and leaving the forklift.

Conforms to EU directive EC98/37.

Easy to install bracket with no need for drilling, (supplied with each mirror). Fits the majority of forklifts.

Weight – 1kg

P.A.S – 5 Year Guarantee
