

Insulated IBC Jacket

Keeps the contents of a standard 1000 litre Intermediate Bulk Container (IBC) warm and protects it from the harsh environmental elements outside. Designed for use under cover – i.e. in a warehouse or during covered transport

Features

- Ideal for protecting from frost when storing indoors or as an insulated dust jacket
- Made from a rugged cross-laminated polyethylene
- Can withstand temperatures ranging from -35° to $+75^{\circ}$ C
- Lightweight, tear, water, fire resistant
- Anti-toxic and impervious to bacteria
- It has thermal wadding with a CLO factor equal to 2.00 or the same as the standard BSI 0.407m².K/W. (9 tog rating)
- Adjustable velcro fittings

Specification

Weight: 2kg (Approx)
