

IBC Insulation Body Jacket

Designed to insulate and maintain the temperature inside a standard 1000 litre Intermediate Bulk Container (IBC).

Fits standard 1000L IBC containers including containers from:

- Schütz
- Mauser
- GNX
- Hoover
- Werit
- Greif

Features

- Designed in quality nylon materials
- Equipped with 4 quick release buckles for easy installation
- Water repellent
- Adjustable straps
- Design allows the cover to be used in conjunction with an IBC Container Heater - just attach and power on the container heater first and then the insulated body cover as an outer layer
- In addition to heating or maintaining temperature, you can also add a top lid to the body cover

Dimensions

4400 Length x 1000mm Width
