- Dimensions: 215 high x 130 wide x 95 deep (mm).
- Net weight: 344g.

DESCRIPTION

The Classic liquid soap dispenser is designed to be refilled from a bulk container of soap or alcohol gel sanitiser. The internal reservoir of IFS03036.W has a 760ml capacity and can be easily removed for cleaning. A simple key lock mechanism allows access for refilling. The large transparent ABS viewing window allows soap levels to be easily monitored.

The Classic range of dispensers all share a common family feel, for an integrated looking washroom.
