

Kingfisher Direct Ltd

Name:	Trade Cart
Height	848mm
Length	965mm
Width	489mm

The Trade cart has been designed to move productivity to the work site by incorporating a full workbench system with a tool storage unit. This item is manufactured from tough and durable polyethylene.

Four compartmentalised boxes store assorted parts and hardware in the same place.

The optional cabinet kit creates a fully enclosed, lockable compartment to help store tools and keep materials safe.

Two storage bins hold essential hand tools and supplies.

Designed to be easily moved over hard surfaces, through doorways and even lifts.

Flat surface at ergonomic height provides a convenient work area.

Supplied with 4 large non-marking casters.

Stock Code: RM-FG618000
