

Kingfisher Direct Ltd

Name:	Two-step Folding Stool
Height	630mm
Length	486mm
Width	172mm
Weight	3.2 kg
Construction Material	Polypropylene

The two-step folding stool is ideal for maintenance activities and whenever assistance in elevation is needed.

Slip resistant footpads make the stool much safer to use.

Steps stand upright when folded, requiring less space for storage.

The step stool is easy to transport and store and weighs less than 3.2 kg.

Easy to clean and dent and rust resistant.

Can withstand heats of up to 50°C.

Supports loads of up to 150kg.

Stock Code: RM-R034721
