

Kingfisher

Direct Ltd

Name:	BRUTE Rollout Container with Lid
Height	984mm
Length	600mm
Depth	600mm

The BRUTE rollout container, which is manufactured from UV resistant strong and durable polyethylene, has been designed for easy mobility for general refuse collection and material handling.

The heavy duty 203mm wheels provide easy mobility even over steps and bumpy paths.

Attached hinged lid fits tightly to the bin, swings back and then locks in place.

Axle retainer is moulded in to the bin for added strength.

Can be used indoor and outdoor.

Available in a range of colours.

Stock Code: RM-FG9W2700
