

GFC Post Mountable Open Top Litter Bin

Product Code: BS-WY-CH1

Height	546mm
Width	381mm
Depth	178mm
Capacity	35 Litres
Weight	14 kg

The Glass Fibre Composite (GFC) post mountable litter bin is ideal for use in a wide variety of locations as it is extremely tough and durable and is unaffected by extreme temperatures, nor will it corrode if placed by the sea.

The bin is supplied with a galvanised steel liner with the option to upgrade to a lockable liner available. The bin comes with standard adjustable brackets to suit most post sizes and the optional screw seal strapping includes 2x 4ft stainless steel straps for post/rail mounting.

Finishes

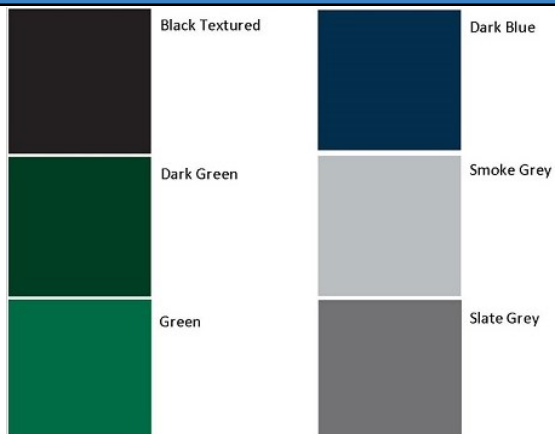

Textured Finish - Uses PTX textured paint to give a rough finish not too dissimilar to sand paper and designed to prevent unwanted graffiti and posters being applied to the bin.

Smooth Finish - Uses a smoother pseudo-cast iron finish with only a slight texture and no roughness.

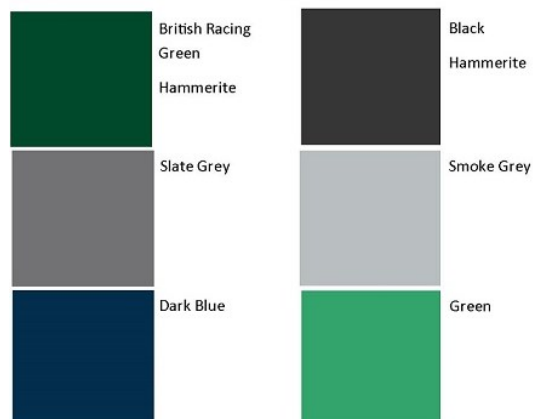

Victoriana Finish - Uses the smooth finish with only a slight texture and no roughness with the addition of highlighted beading to give a classic Victorian style appearance. The Victoriana finish is a popular choice for heritage sites and town centres.
